Hazards on our roads worksheet

Once we can see a hazard we are able to avoid the hazard. Select 5 of the hazards you circled from the picture or the hazards you wrote down. Explain why it might be dangerous and how you would avoid that hazard.

Describe the hazard?	Why might this be dangerous?	How can you avoid the hazard?
e.g. Dead leaves on the ground	e.g. The leaves are slippery, so if I rode over them then my tyres might slip and I could lose control of my bike.	e.g. I should slow down, ride around the leaves and be careful of other people around me.
